How The Capital District Safe Ride Program Works

Step 1: Make the decision NOT to drink and drive, and utilize the Safe Ride Program.

Step 2: When you are ready, give the bartender your home address, and ask them to contact a local taxi company enrolled in the program, to give you a "Safe Ride" home.

Step 3: Fill out the form in the "Safe Ride" brochure, and hand it to the taxi driver when you enter the taxi. You are requested to fill in your name, address, phone number and the name of the establishment where you were.

Information will be kept strictly confidential!

Step 4: Arrange your return the next day to get your vehicle.

Visit SafeRideProgram.com for a complete list of participating establishments in the Capital Region.

About The Capital District Safe Ride Program

The Safe Ride program is designed to help keep drunk drivers off of our local roads.

We have teamed up with numerous establishments in the Capital District to offer you a safe and sober ride home. These places will proudly display the safe ride decal in their window indicating their participation. All you need to do is ask the bartender about the program, they will assist you in getting a safe ride home.

Next time you're out having a good time, look for the Safe Ride logo. Have a Safe Ride home, on us, so we all can have a good time the next time.

The Safe Ride Program is offered by Netters Fund, Inc. in memory of Annette "Netters" Nichols Ballestieri, who was killed by a drunk driver on August 7, 2005.
